PARTY TIME

FUNKY STYLES, THAT WILL TAKE YOU FROM DAY TO NIGHT IN NO TIME, ARE WHAT YOU'LL FIND IN THE PARTY COLLECTION FROM ONLY THIS WINTER.

The **ONLY** girl is never pompous. Her style is hot but always with a **quirky twist**. She wears sneakers with her sequin skirt or cocktail dress so she is free to move and dance all night, and she mixes stripes with stripes and puts colours on top of colours. This season her **jeans** have details like **all-over flowers**, if they aren't dyed or two-coloured. Her **tees** are **showered in glitter and funny statements** that will melt into both her party and everyday wardrobe depending on how she accessorizes. **THIS SEASON THE ONLY PARTY COLLECTION WILL MAKE SURE YOU DON'T GO UNNOTICED!**

HAPPY HOLIDAYS!
